

Conditions of Purchase

1. Scope; conclusion of contracts

1.1 These Conditions of Purchase shall apply to deliveries and services of the Supplier, unless otherwise agreed. Other general standard terms and conditions, in particular standard terms and conditions of the Supplier, shall not apply even if they are not expressly objected to in an individual case or if ordered goods/services have been accepted without reservation.

1.2 Orders and their acceptance shall be in writing. Acceptance of orders shall be acknowledged on the form intended for this purpose on the order, unless otherwise agreed.

1.3 Oral agreements, of whatever nature, shall not be valid unless confirmed in writing by the Customer. Written form shall also include confirmations sent by data transfer or fax.

1.4 If the Supplier does not accept orders within two weeks of their receipt, the Customer shall be authorised to revoke them at no cost.

2. Delivery; consequences of failure to meet delivery times

2.1 Agreed delivery times shall be binding. The Customer shall be notified immediately of any circumstances which prevent the delivery time from being met or delay delivery. The time the goods are received or the service is completed at the Customer's premises or at the place where they are to be delivered/performed as stated in the order ("place of performance") shall determine whether the delivery time has been met.

2.2 Part deliveries shall require the consent of the Customer.

2.3 The Supplier is obliged to ensure that goods it has supplied or spare parts for them can be supplied to the Customer at reasonable terms and conditions for a period of 15 years after the last delivery. If the Supplier intends to discontinue supplying such goods or spare parts for them during this period of time or after this period of time expires, it shall inform the Customer immediately in writing and give the Customer the opportunity to place last orders.

2.4 If agreed delivery/performance times are not observed, the Customer can demand for each complete week by which the deadline is overrun an amount of 0.5%, but a maximum of 5%, of the total order value as a lump sum without having to furnish proof of damage or loss, unless otherwise agreed explicitly. In addition, the Customer shall be entitled to claim statutory rights. Acceptance of the delayed delivery or service shall not constitute any waiver of compensation. The Supplier shall be liable to pay the above even if no explicit reservation is specified when the goods or services are accepted.

3. Prices; terms of payment; passage of risk

3.1 The price specified in the order shall be binding.

Unless otherwise agreed, the prices are delivered duty paid (DDP) in accordance with Incoterms 2010, including packaging.

The specified price does not include statutory value-added tax.

3.2 Invoices can only be processed if – in accordance with the stipulations in the order – they specify the order number stated in the order and all other reference information; the Supplier shall be responsible for all the consequences of a failure to comply with this obligation, unless it proves that it is not to blame for said failure.

3.3 Unless otherwise agreed, invoices shall be settled in net within 60 days as of the date the demand for payment is due and receipt of both the invoice and the goods/performance of the service.

3.4 The Supplier shall bear the risk of accidental loss and accidental deterioration of the goods until they have been accepted by the Customer or its agent at the place where the goods are to be delivered as instructed.

4. Acceptance testing

If an official inspection or acceptance testing of deliveries and/or services or parts of them is stipulated, this shall be conducted at the Supplier's works, unless otherwise agreed.

5. Shipment

5.1 Notification of shipment of the goods shall be given by, at the latest, the time the deliveries leave the Suppliers' works. The shipping address and the Customer's order number, including the item number, shall be indicated on all notices of shipment, bills of lading and parcel labels. Consignments for which the Customer is to bear all or part of the freight costs shall be transported at the lowest freight rates or according to the Customer's shipping instructions. Cartage at the place of destination will not be paid. The shipping instructions, in particular the place where the goods are to be delivered, which is also the place of performance, shall be stated in the order.

5.2 The Supplier shall have the cargo secured by the carrier collecting it in order to prevent damage in transit due to the cargo being secured inadequately or not at all.

The Supplier shall be liable for all damage and costs arising from failure to adequately observe or comply with the Customer's instructions.

6. Packaging

6.1 The Supplier undertakes to ship the goods it has produced or processed only in packaging that is environmentally friendly in terms of type, shape and size and that complies with the latest version of official packaging regulations.

6.2 Irrespective of whether the packaging concerned is transport packaging, retail packaging or an outer protective wrapping, the Supplier agrees to take it back after use without any additional charge and to reuse or recycle it outside the public waste disposal system.

The Customer undertakes to handle any reusable packaging identified by it as such properly and make it available to the Supplier free of charge in the best possible condition.

7. Notice of defects

The Customer shall endeavour to check incoming deliveries for their correct quantity, damage in transit and obvious defects, insofar and as soon as this is expedient in the ordinary course of business. The Customer shall report defects as soon as they are discovered. §§ 377 ff. UGB shall not apply.

8. Liability for defects

8.1 The Supplier warrants to the Customer that the ordered goods or services are free of defects and legal imperfections in title at the time of the passage of risk.

8.2 If the Customer informs the Supplier of the intended use and place of use of the goods to be supplied, the Supplier warrants that its delivery and service are suitable for that use and place.

8.3 If a defect or imperfection in title exists, the Customer shall be entitled to statutory warranty claims with reduction, unless otherwise agreed.

8.4 In principle, the Customer shall have the right to select the manner of remedy. If the Supplier does not begin with subsequent remedy as part of the contract, i.e. rectification of defects or delivery of a substitute, as soon as it has been requested to do so by the Customer, the Customer shall have the right in urgent cases, in particular to avert danger or avoid/limit damage, to carry out the manner of remedy selected by the Customer, or to have it carried out by a third party, at the expense of the Supplier. The Customer shall have the same right if rectification of defects or delivery of a substitute fails or is refused.

8.5 If claims are asserted against the Customer due to the infringement of third-party rights in connection with the Supplier's delivery/service, the Supplier shall be obliged to indemnify the Customer against these claims at the first written request.

The Supplier's obligation to indemnify the Customer shall relate to all expenses necessarily incurred by the Customer from or in connection with the claims asserted against it by a third party.

8.6 Claims for defects shall become time-barred – except in cases of intention to deceive – in 36 months starting from the passage of risk, unless otherwise agreed. If the Supplier meets its obligation to remedy a defect by supplying substitute goods, the period of limitation for said goods shall commence anew after they have been delivered.

8.7. The Supplier undertakes to bear all installation

and removal costs as well as transport costs to and from the place of use in cases where such costs have demonstrably been incurred due to deficient delivery/performance. The Customer therefore advises the Supplier to take out special liability insurance for installation, removal and transport costs to and from the place of use with coverage of at least €250,000.00 per individual case.

9. Software

9.1 The Customer shall obtain the right to use software that is part of the scope of delivery, including the documentation for it, with the agreed features and to the extent necessary for ensuring use of the software in compliance with the contract or permitted by law.

9.2 Before the software is shipped or installed on a system of the Customer or its end customers, the Supplier shall check it for viruses, Trojans and other computer malware using up-to-date, customary antivirus programmes.

10. Quality assurance

10.1 The Supplier undertakes to warrant permanent quality assurance for its goods by means of tests and checks that are prescribed by the Customer or are otherwise suitable during production of its deliverables. It shall create documentation on these tests and checks.

10.2 The Customer shall have the right to satisfy itself of how the tests and checks are carried out on site, including if applicable at subcontractors' premises.

10.3 Without being requested to do so, the Supplier shall immediately inform the Customer of changes in the composition of the processed material or design of its deliveries or services. The changes shall require the written consent of the Customer.

10.4 The quality assurance policy of the Customer disclosed to the Supplier and the quality assurance agreements concluded with the Supplier shall be part of the contract.

11. Requirements for marketing products; product liability

11.1 If it supplies products which fall under the scope of application of a European Directive for first-time marketing, such as the EU Machinery Directive, Pressure Equipment Directive, EMC Directive, etc., the Supplier undertakes that it shall comply with the relevant health and safety requirements and processes specified in them. If provided for in these Directives, the Supplier shall issue an EC declaration of conformity for its products and shall affix a CE mark.

In the case of partly completed machinery according to the EC Machinery Directive No. 2006/42/EC, the Supplier shall provide the Customer with a declaration of incorporation according to Annex II B of the EC Machinery Directive in the form requested by the Customer (extended declaration of incorporation) as well as in addition provide instructions for use in

accordance with Section 1.7.4 of Annex I of the EC Machinery Directive. If requested by the Customer, the Supplier shall either allow the Customer to inspect the risk assessment created by it or shall provide it to the Customer.

11.2 If the Supplier is responsible for damage outside the supplied goods and claims are asserted against the Customer pursuant to product liability law, the Supplier shall be obliged to indemnify the Customer in this regard against claims for damages by third parties at the first time of request if the cause of the damage is in the sphere of responsibility of the Supplier and the Supplier itself is liable in relation to third parties.

11.3 As part of its liability under Section 11.2, the Supplier is also obliged to reimburse any expenses incurred by the Customer from or in connection with a warning issued or recall conducted by the Customer. Where possible and reasonable, the Customer shall inform the Supplier of the content and scope of the measures to be performed and coordinate them with the Supplier. Other claims under product liability law shall remain unaffected.

11.4 The Customer advises the Supplier to maintain product liability insurance to cover the risks from Sections 11.2 and 11.3, with coverage of at least €1,000,000.00 per damaging event.

12. Safety; protection of the environment

12.1 The Supplier shall ensure that its deliveries and services meet the environmental protection, accident prevention and work safety regulations and safety and related rules in force at the premises of the Customer or other place of performance if the Customer points out such regulations at said premises or place to the Supplier. The Supplier shall also point out any product handling and disposal requirements to the Customer.

12.2 The Supplier shall be liable for any damage or injury inflicted on the Customer, its employees or third parties due to inadequate information on or failure to observe the regulations under Section 12.1.

13. Models and tools; confidentiality

13.1 Any models and tools which are produced by the Supplier at the Customer's expense shall become the property of the Customer upon payment for them. They shall be treated with care by the Supplier, indicated as property of the Customer and – where possible – stored separately from the other products of the Supplier, as well as insured at the expense of the Supplier against disasters such as fire, water, theft, loss and other damage. Resale of the parts produced using these models and tools shall not be permitted without the express written approval of the Customer.

13.2 Documents, drawings, plans and sketches and other know-how of the Customer which the Customer entrusts to the Supplier for producing the ordered delivery and/or service, in whatever form (in writing, by fax, by e-mail or on electronic data carrier) shall remain the property of the Customer. They are trade secrets of the Customer and shall be treated confidentially. The Supplier undertakes to

treat them with care, to make them available only to employees who need them for fulfilling the contract and who are in turn obligated to maintain confidentiality, not to make them available to third parties, to make copies only for the purpose of executing the order, and to return all documents, including copies of them, to the Customer upon completion of delivery.

14. Data Protection Act (DSG 2000)

Under the Austrian Data Protection Act (DSG 2000), the Customer is entitled to store, transfer, use, revise and erase personal data of the Supplier in the course of business. The data is sent to a central office of VOITH GmbH, St. Pöltener Straße 43, and first stored there. The Supplier is notified of this.

15. Export control

15.1 The Supplier is obliged to immediately issue a written customs declaration on the origin of the goods, including software (certificate of origin). The Supplier shall also provide details of the origin of the goods by means of confirmation from the customs authorities, as well as observe all export regulations applicable to its goods. The Supplier shall inform the Customer immediately if a delivery is fully or partly subject to export restrictions under German or other law.

15.2 The following shall be stated whenever an order is accepted and on every delivery note:

- The commodity code (HS code)
- The AL number (export list number) in accordance with Annexes I and IV of the EC Dual-Use Regulation No. 1334/2000 or Part I of the export list (Annex "AL" of the German Foreign Trade and Payments Regulation (AWV))
- The ECCN (Export Control Classification Number) in accordance with US export law.

15.3 At the request of the Customer, the Supplier shall be obliged to inform the Customer in writing of all further foreign trade and its components, as well as inform the Customer immediately in writing of all changes to the data specified in Section 15.2.

15.4 If details in accordance with Sections 15.1 to 15.3 are not provided or are provided incorrectly, the Customer shall be authorised to rescind the contract and assert claims for all resultant damage.

16. Insolvency of the Supplier

If the Supplier or one of its creditors files for insolvency proceedings on the Supplier's assets, insolvency proceedings are opened or they are rejected due to insufficiency of assets, the Customer can, without prejudice to its other statutory and contractual rights, at its discretion terminate the contract and/or enter into the contracts of the Supplier with its subcontractors, if this is legally permitted.

17. Entrepreneurial responsibility

The Supplier declares its commitment within the scope of its entrepreneurial responsibility to ensuring that it complies with legal provisions, including environmental protection laws, and regulations relating to labour law, and does not tolerate child or

forced labour in or in relation to the production and sale of its goods or the provision of its services. Upon accepting the order, the Supplier further confirms that it shall not commit or tolerate any form of bribery and corruption.

18. General provisions

18.1 The assignment of claims without the express written approval of the Customer shall be excluded.

18.2 Even in case of orders abroad, the Contract shall be governed by the laws of Austria, excluding the International Private Law Act, the renvoi rules of the Convention on the Law applicable to Contractual Obligations (EVÜ, Federal Official Gazette BGBl III 1998/208) and the U.N. Law on the International Sale of Goods (CISG).

18.3 Irrespective of the place from which the Supplier ships the consignment, the courts of laws with competence for the Customer's place of business shall have jurisdiction and venue for both parties. The Customer can also take legal action at the Supplier's place of business.

18.4 If individual provisions of these Conditions of Purchase are or become invalid in full or in part, this shall not affect the remaining provisions.
